Details of the pre-application advice received

The proposed alterations represent an improvement from the previous refused application (H/22/93471) However, it is noted that the flat-roofed side garage is still proposed. It is considered that this area of flat roof could be better incorporated into the main dwelling to appear as part of the main dwelling.

The proposals, as submitted, are still considered to be bulky and would have a dominant appearance upon the street scene when viewed from Botley Road. However, and whilst the principal of creating an additional storey is considered acceptable careful design considerations will be required to ensure the proposal integrates well within the street scene. Design cues could be taken from surrounding dwellings and incorporated within the pre-application site.

There would need to be parking for a minimum of 3No. cars at a size of 2.4m X 4.8m In addition, there should be room to turn around on-site as it would not be acceptable to reverse onto a busy main road.

As submitted the proposals are not necessarily considered to be neighbourly, thus amendments/ height reductions could aid the relationship. To the south, the proposed plans show that the relationship would be oppressing and would cause some material harm due to its considered overbearing bulk and proximity to neighbouring boundaries.

In design terms the proposals are considered substantial, transforming the character of the existing single storey dwelling into a larger, chalet style dwelling that contrasts from the scale/design of the host dwelling and its immediate neighbours. The revised drawings are much more in-keeping with the other properties in the street scene however, improvements can be made to the parking arrangements and bulk towards the rear of the dwelling.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
