

DELEGATED OFFICER REPORT

Application Ref: H/23/94558

Site Address: 32 WHITE TREE CLOSE, FAIR OAK, EASTLEIGH, SO50 7FE

Case Officer: Alexandra Stone

Description: Single storey rear extension. Wood burner flue

Particular Site Constraints?	Yes ☒	No ☐
- Within Urban Edge - Tree Preservation Order		

Planning History?	Yes ☒	No ☐
Z/31300/001/00 – Refuse Planning Permission – 31/01/1991 Outline: Erection of 105 No. dwellings, construction of playing fields, associated changing rooms and car park, access and related highway works Z/40514/000/00 – Permit – 28/07/2005 Erection of 45 No two and three storey dwellings with associated parking, landscaping, balancing pond with access from Botley Road T/06/57367 – Part Consent Part Refuse – 15/08/2006 Crown lifting to height of 4m, removal of epicormic growth and deadwooding of 6 No. Oak tree		

Publicity:	Letters ☒	Site Notice ☐	Newspaper ☐
Representations:	None		
Parish Council:	The Council would like the planning authority to advocate that the log burner fitted at this property adheres to the latest EcoDesign regulations which states that stoves should have a minimum seasonal efficiency of 65%. This would ensure compliance with the UK Government's Clean Air Strategy limiting the population's exposure to harmful PM_{2.5} emissions. <u>Officer comments:</u> The LPA cannot enforce the type of burner used, as this is not a planning consideration, However it is recommended that the parish councils comments be included as an informative on the decision notice to advise the applicant of the standards.		
Tree Officer:	No Objection		

Site Visit:	Yes ☒	No ☐
Details: 01/03/2023		

Policy:
National Planning Policy Framework Planning Practice Guidance Development Plan: The <u>Eastleigh Borough Local Plan 2016-2036</u> The most relevant policies are Strategic policies S1 and S2; and Development Management policies DM1, DM2, DM11 and DM14. Supplementary Planning Documents: Quality Places; Residential Parking Standards; Character Area Appraisals.

Assessment:

The development is considered acceptable and complies with policies DM1, DM11 and DM14 from the 2016-2036 local plan, in that:

The application is for a single storey rear extension, enlarging the kitchen area addition of a wood burner and internal alterations, extending by approx. 3m by 5.5m.

Principle

- The development is within the urban edge where the principle of development is acceptable.

Design and layout

- The design of the single storey rear extension is suited to the host dwelling in terms of its form, scale and appearance.
- The development would not be an overdevelopment of the site, would retain sufficient amenity space and meet parking standards.
- The design and layout respects the character and appearance of the locality.

Residential amenity

- The development accords with guidance set out in the 'Quality Places' SPD in that there will be no unacceptable impact on the amenity of the neighbouring properties in terms of loss of privacy, light or outlook.
- The door to the side elevation of the proposed extension would not cause any additional noise as there is a patio door already in situ.

Other material considerations

- There will be no adverse impact upon trees or other natural features worthy of retention.
- There are no likely significant impacts on the SPA.

Climate Change:

In July 2019, the Council declared a Climate Change and Environmental Emergency. In doing so it agreed, among other things, to: (a) put in place measures to ensure the Council's own operations and functions achieve carbon neutrality by 2025; (b) work with partners to aim for all projects and services delivered in the Borough to achieve carbon neutrality by 2030; (c) ensure that the Council's procurement policy recognises carbon neutrality as one of its primary considerations; and (d) recognise the urgency of action to mitigate and adapt to climate change in every decision taken by the Council. This is underpinned by the Climate and Environment Emergency Strategy 2020–2030 and the supporting Climate and Environmental Emergency Action Plan – Update June 2020.

The declaration of the Climate Change and Environmental Emergency demonstrates a strong commitment from the Council to achieve net zero. The NPPF, development plan and adopted local plan policy do not set this as a specific target, but it is a material consideration to be considered alongside all other material considerations. In any case addressing climate change is a core part of the NPPF and local plan policy. The need to support the economy is part of the Strategic Environmental Assessment for the adopted local plan, as is an assessment of climate impacts.

Equalities Implications:

Section 149 of the Equalities Act 2010 created the public sector equality duty. Section 149 states:

- A public authority must, in the exercise of its functions, have due regard to the need to:
 - a. eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;

- b. advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
- c. foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

When making policy decisions, the Council must take account of the equality duty and in particular any potential impact on protected groups. It is considered that this application does not raise any equality implications

Conclusion:		
Recommendation:	PERMIT ☒	REFUSE ☐
