

An architectural elevation drawing of a two-story house. The main structure has a gabled roof with a chimney on the left side. The front facade features a large central entrance with a glass door and a transom window, flanked by windows. Above the entrance is a decorative pediment. To the right of the entrance is a large window. The roofline is gabled, and there is a smaller gabled section on the right side of the house. The drawing uses simple lines and shading to represent the building's form and materials.
