Dear Ms Webb,

30 SPRING LANE, BISHOPSTOKE, EASTLEIGH, SO50 6BA

Erection of 2no. garages and 4no. parking spaces whilst rearranging the rear gardens to No. 1c Hamilton Road and No. 30 Spring Lane to allow for sheds and bin storage

In regard to application F/23/94701, as previously outlined in the original HCC Highways consultation response dated 02 March 2023, as the application is for 5 dwellings or less, there is no required change of vehicle access onto the highway, and the development does not access directly onto a classified road, HCC's Highway Standing Advice should be referred to in the first instance. This can be viewed via the following link under the heading Consultation with the Highway Authority -

<https://www.hants.gov.uk/transport/developers/consultation>

However, having undertaken an initial review, it had been requested that confirmation of the parking spaces and turning aisle width were provided due to scale bar issues.

The scale bar has now been updated, and it can be confirmed that:

- Car parking spaces measure the appropriate minimum of 2.4 x 4.8m in size;
- Garage parking spaces measure in excess of the minimum 3.0 x 6.0m in size; and
- The turning aisle with measures in excess of the required 6.0m.

Director of Hampshire 2050
Garry Westbrook

As such, it can be confirmed that there is no objection to the proposals from a highways perspective.

Yours sincerely,

Matt Grantham
