Hi Rachael,

Thank you for emails of late and it was a pleasure to meet you on site. Thank you for your time.

I will respond to all recent emails in this response, hopefully keeping a response straight-forward.

Tree/Pumping Station

I have attached an email between my tree consultant and your tree officer, Chris Stringer. The tree adjacent the pump station (T22) had apparently collapsed at some point and is therefore, now removed. Therefore the RPA is extinguished as a result and the pump station is clear from any RPA's. Item 5 on the attached email provides a narrative.

Ecology

Thank you for the Ecologists comments. I have sent this out to my consultants to prepare the necessary information. The comment regarding the tree will now fall away.

Kind regards,
