SO31 8DL

Discharge of conditions application for condition 7 (tree plan and method statement) and
condition 8 (bat box location) for planning permission - H/22/93352 Construction of garage with
ancillary first floor accommodation, rebuilding of brick boundary wall and new internal courtyard
wall

I have reviewed the Plans, Elevations and Section Drawing by ADP (rev H, February 2023). The
position of the bat box on the north side elevation is suitable. I am satisfied that the bat box
location part of condition 8 can be discharged with the provisions that no external lighting is ever
installed at this entrance door and the window set into the door below the bat box should be
covered at night so no light shines out near the bat box.
