Dear Claire,

11 APR 2023

Your letter regarding the Application

No. LDC/23/4813

I have lived in Broad Oak for 25 years. It's only been in the last 3 years I've noticed materials being stacked and buildings going up around this Site and the noise this generates. I've always considered Botley as a greenbelt area and these Warehouses/Storage Units will ruin the ambience. Already we have Big lorries going to the pallette warehouse in Broad Oak. The roads are not designed for this and will spoil what we've always known Botley to be proud of. There are enough Homes being built in this area as it is and it's already taking its toll on the roads.

So I hope as many others do that this Project doesn't happen.
Thank you for your Communication
