Details of the pre-application advice received

The advice indicated that the proposals had been discussed with the urban design officer and there would be no objection in principle to the proposed re-roofing works. It was also indicated that the building is in a prominent location facing Leigh Road and the existing façade has a traditional and exemplar frontage and indicated that it would be encouraged to replace the roof tiles with those of a similar material as the existing (plain clay tiles).

The advice also noted that it would be unsympathetic to have two different roof materials between the south wing facing Leigh Road and east wing facing across the site as they are so close to each other and weather differently.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
