

Eastleigh Borough Council Tree Preservation Order and Conservation Area Assessment Form

Application Number	T/23/94845					
Surveyor	SK					
Address	9 RUNNYMEDE, WEST END, SOUTHAMPTON, SO30 3BG					
Proposed work	Group of 19 no. conifer - Reduce height by 3-4m to previous reduction points.					
Assessment Date						
Officer comments	Row of large, established conifers form a large green feature to front of flats, visible from several properties in the local area as well as screening the flats. They are now very large and dominate their space. They have been previously reduced to c.8m in height, I'd estimate the regrowth is slightly more than this, but it would make sense to bring them down to the previous points. They are western red cedar so should respond well.
