

Eastleigh Borough Council Tree Preservation Order and Conservation Area Assessment Form

Application Number	T/23/94937					
Surveyor	SK					
Address	45 WOOLWICH CLOSE, BURSLEDON, SOUTHAMPTON, SO31 8GE					
Proposed work	1 no. Lime (T1) - Crown raise to approx. 6m above ground level by removal of secondary and tertiary branches. Reduce canopy growing towards Number 45 by approx. 2m to suitable growth points. Reason - to reduce end weight of main stem growing towards Number 45. To reduce shade, leaf and bird litter. As part of an ongoing arboricultural regime to large trees in close proximity to property. 1 no. Lime (T2) - Crown raise to approx. 6m above ground level by removal of epicormic growth on main stem, secondary and tertiary branches. Reason - to reduce shade, leaf and bird litter. As part of an ongoing arboricultural regime to large trees in close proximity to property.					
Assessment Date	25/04/23					
Officer comments	Large, established lime trees in rear garden. Highly visible from Woolwich Close and neighbouring gardens. Works have been done previously so this is essentially trimming the epicormic growth. One branch has been stub cut where it grows to the house: this has resulted in a proliferation of dense twiggy growth from the stub end which will need ongoing management. Arboriculturally, it would be less impact and fewer interventions if the branch were taken back to the stem union, though this is slightly more than the requested amount. Resident advised as such.
