YOUR COMMENTS ON THE CASE

We strongly object to this 5G mast being erected 15 metres from our front door, not only for the environmental destruction , but for the serious risk to the health of all the local inhabitants. The health problems are well documented in numerous scientific studies and you have a civic duty to safeguard the health of your electorate. The self certification by the telephone companies are worthless (it is the same as British American Tobacco certifying that cigarettes are harmless). We are making representation to our local EHO for clarification as to who we will hold responsible for our deterioration in health.
