YOUR COMMENTS ON THE CASE

I strongly object to the erection of the 5G mast in our road. We live in a residential area where the destruction of a beautiful cherry tree will be sorely missed by the local children, parents and pets and the visual impact could be construed as nothing less than an abhorrent eyesore. The local council objected to this project with just cause, the risk to the health and well being of the local residents should be foremost in everyone's priority. Will C K Hutchinson Network (UK) Ltd take full responsibility for the detrimental effect the mast will have on everyone or is profit their only concern?
