- ☒ Interested Party/Person Correspondence

☐ Other

YOUR COMMENTS ON THE CASE

This is not in keeping with the area & you are not taking into that this mast would literally be in our gardens. It is also a health hazard to us, our children & future generations. These masts are proven to increase cancer risks, genetic damage, cellular stress, oxidation of cells, changes to the reproductive system, learning & memory deficits & neurological disorders.
We do not want or need this in our neighbourhood.
