Dear Mrs Martin,

Prior notification application for the installation of a 15.0m high phase 8 monopole, 3no. equipment cabinets and associated ancillary works

Proposed telecommunications installation: Proposed 15.0m Phase 8 Monopole and associated ancillary works., Chestnut Avenue, Eastleigh, SO50 5EL

In regard to application PN/23/94956, having reviewed the information contained within the application pack, there would be no objection to the proposals from a highways perspective.

Plans show the pole and ancillary equipment will be placed within the grass verge, and given the adjacent footway has already been converted to a shared foot/cycleway, it would not be anticipated that this verge would be required for any future highway schemes.

Additionally, the pole and associated equipment does not obstruct any required visibility splays.

Yours sincerely,

Matt Grantham
