Covering Letter

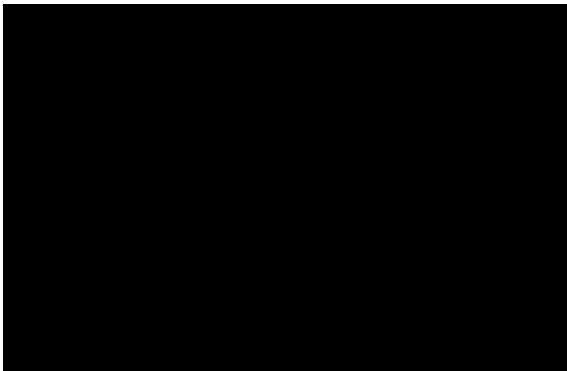

Dear Planning,

RE - Josies, 113 Winchester Rd, Chandlers Ford

We are applying to update an existing sign post with a new sign. This is to promote the current business that has opened up on the ground floor replacing the out going Barclays Bank. We acknowledge that the application is retrospective as the sign post was not part of our original application for the fit out of the old bank.

As you will see from the attached photographs on drawing 09-06 there are many signs of a similar design / type. It is clear that this type of sign sits comfortably within the streetscape of Chandlers Ford and by sympathetically updating what is an existing sign location all we are doing is keeping the main shopping street current.

With regards,

Crispin Williams
