

I Ellen Page, of The ferns, Marls Road Hedge, Hants, SO30 2EY Will say as follows:

1. I have been involved with horses which have been kept on the land since 1995 when my granddad kept horses there.
2. The field had been passed though the family until 2016 when my partner Matthew Bartlett purchased the land from my farther, Kenneth page.
3. Matthew tided up the access track down the side of the paddock.
4. The bottom part of the site was a bit overgrown as the horses were kept in the paddock for many years.
5. Matthew cleared the growth at the bottom of the site.
6. Hard standing was created.
7. A big metal container was brought to the site for tools and things to be kept securely in.
8. After the hard standing had settled Matthew erected a stable block for 4 horses.
9. At the same time which i believe to be September 2018, the metal container was replaced by another building that he erected.
10. As we were spending more time with the horses and carrying out work on the field, a small rest room was built.
11. There have been more buildings more recently erected but these buildings mentioned above were definitely on the site in September 2018 and there use continues to this day.

This statement is true to the best of my knowledge and belief and I make it knowing that, If tendered in evidence, I shall be liable to prosecution if i have wilfully stated in it anything which i know to be false or do not believing to be true, and i make the solemn declaration conscientiously believing the same to be true, by virtue of statutory declaration act 1985.
