Dear Mrs Martin,

Highways Land, Passfield Avenue, Eastleigh, SO50 9PY

**Installation of a 20m high telecommunications mast with antennas, 3no.
equipment cabinets and associated development.**

In regard to application PN/23/95191, having reviewed the information contained within the application pack, there would be no objection to the proposals from a highways perspective.

Submitted plans demonstrate that:

1. The associated infrastructure does not impact on required visibility splays;
2. The associated infrastructure does not obstruct movement of vehicles, pedestrians, mobility aids, buggies, or cyclists; and
3. The associated equipment does not prevent future highway improvements such as the improvement of footways to foot/cycleways (which already exist in this case) or highway junction upgrades.

Yours sincerely,

Matt Grantham
