

KEY

- Post & Rail Fence
- New Hedgerow
- New Brick Wall
- Informal planting in gravel
- Tree protection areas

**ADDITIONAL ECOLOGY MEASURES
AS PER ECOSUPPORT DETAILS:**

The newly built dwellings within the southern portion of the site will incorporate one Swift brick". In addition to this, each newly built dwelling will incorporate at least one bat brick.

To enhance opportunities for invertebrates two log piles will be created within a suitable retained grassland on site. These will be located within the wildflower meadow or adjacent to the pond to the north of site.
