Description of Proposed Works

Please describe the proposed works

I would like to build an extension to the existing workshop in my back garden. The extension will be made from brick and be single walled, the same as the existing workshop. It will have 2 double glazed windows in the wall facing the back of my house, and also a door facing the back of my house. the roof will be a timber and flat felt roof.

The footings, brickwork and all other works will be carried out by a qualified brick layer and builder. The structure will span the entire length of my back garden and be no higher than the existing workshop which is 2.3 meters high.
