Dear Mrs Martin,

Chestnut Avenue, North Stoneham, Eastleigh, SO50 5EL

Proposed telecommunications installation: Proposed 15.0m Phase 8 Monopole and associated ancillary works (resubmission of PN/23/94956).

In regard to application PN/23/95547, having reviewed the information contained within the application pack, there would be no objection to the proposals from a highways perspective.

The proposed Monopole and associated infrastructure are located on a grass verge outside of any required visibility splays. Onwards, it is not foreseen that the verge width would be required for any future highway improvement measures, given the adjacent footway has already been upgraded to a shared use pedestrian and cycle facility.

Yours sincerely,

Matt Grantham
