

East Horton Business Park – Proposed Cycle Storage

1. Introduction –

The below information sets out the proposed cycle storage for the safe storage of cycles in accordance with condition 23 of planning permission F/23/94668.

2. Proposed Cycle Storage -

Cycle storage will be provided by wall mounted storage brackets, there will be a total of 4 brackets per unit installed across the site.

The brackets will be installed at the rear of each unit, where there is suitable substrate for them to be attached.

3. Example & Location

Photos of the proposed cycle hooks are below.
