

Pathway to the front door will be block paved by saving and re-laying the existing blocks.

Lawn to be retained.

Existing hedge will be retained for as long as its health allows. If it continues to deteriorate, it will be replaced with another hedge. Wall to be retained (and rendered white).

Per arborist report, sick cherry tree may need to be removed.

Obtrusive fir tree to be removed.

Old and broken gates to be replaced with ones of a similar appearance in due course.

This parking area will be block paved by saving and re-laying the existing blocks.

For security reasons, it is likely we will install a wooden gate here.

Wooden fence to be retained.

Down the side of the house and along the back will be shingled.

Natural border to be retained.
