Description of Proposed Works

Please describe the proposed works

Rear and side extension to property. Single story with pitched roof. This will provide additional space downstairs for a guest bedroom/study with en-suite shower and toilet facility. The existing utility area will have a new layout and will house washing machine, dryer sink and storage (same as current). There will be a side door access. We will also replace the side conservatory as part of the work. This will allow for an additional ground floor multi-functional room. Current plan to have this as a small art studio.
