

PETITION

We, the undersigned residents of Latelie Close, Station Road and Netley Lodge Close, are in support of the removal of the TPO currently applied to the Lime Tree, situated in the rear garden of 1, Latelie Close, Netley Abbey, which has grown to an unreasonable height. The tree periodically sheds branches, some of which are of a size which could cause injury. The owner of the property has already planted one tree in the garden and is willing to plant others.

We do not consider the said tree to be a visual amenity to ourselves, or others. The removal of this Lime Tree would provide visibility of the adjacent trees, which are currently shielded by this tree. This would allow more sunlight across rear gardens.
