Hi Rebecca,

As far as an update it seems the wildflower turf area is now to be paved. Given the space available it would be difficult to establish but it is a shame given it would have been a relief from all the hard surfaces.

It is just levels that remaining and to be frank my interest was if the triangular areas with trees was raised or flush with the ground. I have no objection to either just wanted to know how it would work with the wildflower turf. In short, I am happy with the information that has been submitted.

Thanks, Tim

Hi Tim

Further to your comments on the landscape proposals for the former post office site (14 High Street, Eastleigh), in relation to Condition please see attached further information from the applicants, and email below.

Please can you let me know if you require any further information or if this is sufficient for discharge of Condition 7 of F/20/89125.

Kind regards,

Rebecca
