Subject: Re Planning Application X/23/96019

For the attention of Rebecca Altman

Dear Rebecca,

Many thanks for your recent letter to 8 Camelia Grove Fair Oak in relation to the above planning application.

I note that that there has been a slight variation to the original application in respect to BREEAM. This change in no way alters any of my original comments and objections submitted for this proposed development.

I also see that this is now under your delegated decision but would trust that this scheme is rejected and you refer back to my previous strong objections

Many thanks

Kind regards

Robert Carkeet
