Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Description of Proposed Works

Project Overview:

We seek planning permission for a vital addition to our business—a walk-in freezer. This facility is essential for preserving perishable goods (our pasties) and maintaining product quality.

Location:

The walk-in freezer will be situated in the garden behind our business premises, within our commercial property grounds.

Specifications:

The walk-in freezer will measure 2.42m x 2.42m 2.20m height and feature energy-efficient insulation, complying with industry standards.

Access:

Secure access points and loading facilities will be provided for staff and goods handling.

Utilities:

The freezer will require electricity and proper ventilation.

Environmental Considerations:

We are committed to minimizing environmental impact, ensuring energy efficiency, and responsible waste management, we have also spent considerably to ensure the freezer is the quietest currently on the market.

Safety and Compliance:

Safety features, fire suppression systems, and security measures will be incorporated, meeting all regulations.

Conclusion:

The walk-in freezer is not just an addition; it's the cornerstone of our business, our local presence, and our commitment to quality. Without it, our business's continuity and our contribution to the community are at risk. It's worth noting that, regrettably, several businesses have struggled and failed before us in this location due to the absence of such crucial facilities.

Furthermore, we've observed that many other local businesses have maximized their garden spaces with seating areas, outbuildings, and walk-in freezers to enhance their offerings and serve the community better. In line with these practices and to remain competitive, we respectfully request planning permission for this irreplaceable facility.

It's important to emphasize that the construction of this walk-in freezer represents a substantial financial investment—a sum that our business could ill afford to lose. Our commitment to quality and community support is reflected not only in our operations but also in our exceptional Google reviews, which speak for themselves. We believe that this new addition will not only maintain the high standards our customers expect but will also contribute positively to the local business landscape, ensuring the continued vibrancy and prosperity of the area we proudly serve.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
