Dear Matt

It was upsetting to hear A would be missing out on a life changing placement opportunity. Please could you pass on my email to the relevant person.

Kind regards

Re: Rejection of Hilltop, Pinewood, Southampton SO19 6AL as a residential home for people with learning disabilities and autism

I'm a social worker looking for a residential placement for a 19 year old women (A).

A has lived and attended school in Hampshire since the age of 7. Her family permanently relocated to the area to be near her and intend to stay in the area.

Contrary to the decision made in relation '*its countryside location*', I believe Hilltop to be ideally located with good road connections and bus links. I'm aware that resources and facilities are within easy reach. I do not consider the location of Hilltop will '*have a detrimental impact upon the quality of life for future end occupier(s)*'. Indeed with the professionalism shown by Ryma Care in their other Homes and with the ideal location of Hilltop I would say the quality of life for any person given the opportunity to live there would be ideal.

I was shocked and disappointed for A who won't be given the opportunity to live in such a carefully designed property suitable for her needs in an area which is ideal for her.

Given the declining numbers of social care providers I would kindly ask for reconsideration to be given to the Ryma Care application for Hilltop

I'm happy to discuss this email. My contact details are below.

Kind regards
