

Additional Ecology Response for DC/22/93236 Land North West of Winchester Road, Boorley Green, Hampshire, SO32 2BX

Discharge of conditions application following reserved matters approval RM/19/86658 for conditions 2 (Biodiversity Mitigation and Enhancement Plan) and 3 (Bird Hazard Management Plan) for Boorley Gardens Phase 3 (complete phase).

Additional Notes: Following on from your earlier response please could you provide your comments on the revised Ecological Protection & Mitigation Plan. Does it now meet the requirements of RM3 condition 2?

11/10/23

I have reviewed the revised Ecological Protection & Mitigation Plan by Ecosupport (September 2023). The dormouse mitigation strategy has been expanded in section 2.7, the EPS Mitigation license which has been granted and dormouse monitoring strategies are listed in section 2.7.3. Dormouse monitoring information has been added to section 5, dormouse mitigation plans have been appended to the report (plan 2) and the license method statement has been provided (plan 3).

I am satisfied that Condition 2 can now be discharged.
