Subject: RE: Bampton House - Discharge of condition 3 PN/22/93553, DC/23/95939

Hi Rebecca,

I have reviewed the updated Validation Report for Bampton House (reference A11804/230829/L2 dated 03/10/2023 by Omnia Consultants). I can confirm all the outstanding issues in terms of contaminated land remedial measures were addressed, including the dimension of excavated areas, evidence of material disposal of site, and confirmation of imported soils.

On that basis, I have no objection to discharge Condition 3 of planning permission PN/22/93553.

Best regards,

Yacklin
