

7 SHAFTESBURY AVENUE – EXISTING AND PROPOSED TREE SCHEDULE

Refer to site plan for existing & new tree locations

LOCATION/NUMBER	SPECIES	GIRTH mm	CONDITION
1	DOUGLAS FIR	350	Good condition needs trimming
2	DOUGLAS FIR	300	Good condition needs trimming
3	DOUGLAS FIR	250	Good condition needs trimming
4	DOUGLAS FIR	200	Good condition needs trimming
5	DOUGLAS FIR	150	Good condition needs trimming
6	DOUGLAS FIR	150	Good condition needs trimming
8	DOUGLAS FIR	150	Good condition needs trimming
9	DOUGLAS FIR	300	Good condition needs trimming
FRONT GARDEN	Sweet Gum Tree - Liquidambar Styraciflua	150-200	1No new tree which achieves a height of up to 10m

Photo's of existing trees at rear:

Liquidambar Styraciflua Sweet Gum Tree

Specification:

Tree Pit – Size 1.5 x 1.5 square using a Root Director Round Tree Planter 900mm to protect the hard landscaped areas.

Planting the tree and care:

- Stand the tree in water to ensure its roots are damp
- Dig a square hole that's slightly wider than the pot your tree is in, but no deeper. Lightly fork the base and sides of the hole to ensure the soil isn't compacted
- Remove the pot from container-grown trees and any wrapping from bare-root ones. Tease out and unwind any circling roots. Stand the tree in the planting hole, then lay a cane across the hole to check that the top of the rootball is level with the soil surface
- Backfill around the rootball with the excavated soil, shaking the tree a little to help the soil settle around the roots. Use your heel to firm gently all around the rootball and ensure there is good contact between the roots and the soil
- Stake the tree to prevent windrock, which can tear the roots and create a gap around the base of the trunk that can fill with water and encourage rot. The stake should be about a third of the height of the tree, hammered in at a 45° angle. Attach the trunk to the stake using an adjustable tree tie
- Backfill square with decorative landscaping bark
- Water the tree thoroughly, then keep it watered during dry spells for at least the first year
