Description

Please describe details of the proposed development or works including any change of use

We have approval to extend our access with Highway at Hampshire County Council on 31 August 2023. In total 8 kerbs will be changed/adjusted and the pedestrian crossing will be moved back, nothing else requires adjustments.

No change of use is needed as there is already an established use for many years and has been access to the site since 1960's or before. On entering our site the verge on the other side of the highway get's used by articulated lorries to get the turn. Most materials now get delivered via these lorries rather than 32T lorries as it means less movements.
