Dear Ms Dinnage,

Further to your letter of 5th June 2023, requesting comments to the application for a Certificate of Lawfulness to cover the recent installation of a large tarmac apron in late 2020.

Please see attached a PDF copy of my comments, which includes copies of aerial photos of the site available in Google maps going back to 1999. I can see no evidence in these photos of the Grasscrete installation stated to have been installed in 2006.

I assume that you can view the photos yourself in Google maps Pro, but I am happy to provide the copies that I have if you wish, but they are too large to send by email, so you would have to advise a method that would suit you.

Your letter asks for comments in writing by 5th July 2023, and I assume that this is an acceptable method to meet that request. Please advise if you would require a hard copy of the attachment, in which case, I would be happy to provide one.

Yours faithfully,

Nick Roe
