The Town and Country Planning Act 1990

Application No. T/23/96092

In pursuance of their powers under the above Act and in accordance with your application received on Wednesday 4 October 2023 the Council, as Local Planning Authority hereby **Consent To Tree Works For** the following :

Description:	Oaks (G25)- Reduce overhanging lateral branches (gardens side only) by up to 3m limiting pruning wounds to no more than 100mm diameter and maintaining a natural shaped crown. Reason: Branches overhang the garden significantly reducing visible sky. The trees and building are very close to each other so regular maintenance to check the trees growth towards the house is unavoidable. Pruning now will avoid excessive pruning in the future. the proposed pruning will create a framework for any future reductions. Sympathetic pruning should not adversely affect the trees health, amenity or longevity.

Note to applicant: All works hereby consented should be carried out by a suitably qualified and insured tree surgeon. A copy of the decision notice should be given to the Tree Surgeon.

Note to applicant: Deadwood may be removed at any time without an application.

Note to applicant: Please be advised that the Wildlife and Countryside Act 1981 as amended, the Countryside and Rights of Way Act 2000 and the Conservation (Natural Habitats) Regulations 1994 protect ALL wild birds, their nests (whether in use or being built) and eggs and other wild animals including bats and their roosts in or adjacent to trees.

Note to applicant: The granting of consent does not give the applicant or their agent a legal right to enter land without the owner's permission.

Note to applicant: Advice regarding overhead utilities should be sought with the relevant service provider prior to commencing works.

Note to applicant: Please follow current recommended Bio-security measures - Further advice can be found at <https://www.trees.org.uk/News-Blog/News/Biosecurity-in-Arbiculture-and-Urban-Forestry-Po>

Yours faithfully
