Two storey side/rear extension @ 3 The Paddock Eastleigh

Dear Mr Grandfield

I am the occupier of No 4 The Paddock and write to object to the above proposed extension at the rear of No 3 The Paddock adjacent and close to the boundary with my property No 4 on the following grounds.

1. The extension extending to the west and parallel with the boundary is positioned very close to the shared garden fence leaving insufficient space to construct the side wall and eaves without causing trespass on our property during construction.
2. The proposed extension will visually impact upon the quiet enjoyment of our garden and be visually intrusive. The roof light when open will cause sound to be transmitted into our garden.
3. Not shown on the drawing is the Southern Water Sewer that runs around the rear of the properties in the Paddock No's 1,2,3 & 4 and which passes under the rear extension. The extension would make repair or servicing of the sewer impossible at this location.

Yours faithfully

Jo
