Town and Country Planning Act 1990
The Town and Country Planning (Development Management Procedure) (England)
Order 2015

Application No. H/23/95824

In pursuance of their powers under the above Act and in accordance with your application received on Thursday 10 August 2023 the Council, as Local Planning Authority hereby **Permit** the following :

Description: External alterations comprising of relocating dormers and fenestration alterations
Site: THE COACH HOUSE, SALTERNS LANE, BURSLEDON, SOUTHAMPTON, SO31 8DH

Subject to due compliance with the following conditions:

- 1 The development hereby permitted shall be implemented in accordance with the following plans numbered: LOC 001, S2110/01/A, 173 sheet 001 Rev A, 173 sheet 002 Rev A, 173 sheet 004 Rev A, 173 sheet 005 Rev A, 173 sheet 006 Rev A, 173 sheet 007 Rev A.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 2 The development hereby permitted shall start no later than three years from the date of this decision.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 The materials to be used in the construction of the external surfaces of the development hereby permitted shall match in type, colour and texture those used on the existing building.

Reason: To ensure a satisfactory visual relationship between the new development and the existing.

Note to applicant:

In the unlikely event of any bats being found during demolition or construction, all work must stop immediately, and Natural England must be called. Additional information is available on the Bat Conservation Trust website at <https://www.bats.org.uk/advice/imworking-on-a-building-with-bats/ive-found-a-bat-during-works>

In addition to a bat box, it is recommended to add plants for pollinators to the garden, especially night scented flowering plants to attract moths as food for bats.

The Bat Conservation Trust recommends installing a bat brick/box at least 4 m above the ground, away from artificial light sources, sheltered from strong winds and exposed to the sun for part of the day, facing south, south-east or south-west. (<https://www.bats.org.uk/our-work/putting-up-your-box>)
Swift nest boxes are best positioned under the eaves or on walls facing north, northeast or north-west out of direct sunlight, five metres above the ground, with clear adjacent airspace so swifts can access them in a high-speed direct flight. (<https://www.swiftconservation.org/Nestboxes%26Attraction.htm>)

Note to Applicant: In accordance with paragraph 38 of the National Planning Policy Framework (July 2021), Eastleigh Borough Council takes a positive approach to the handling of development proposals so as to achieve, whenever possible, a positive outcome and to ensure all proposals are dealt with in a timely manner.

Yours faithfully
