Details of the pre-application advice received

In conclusion, thin double-glazing units in casements that closely replicate the existing, i.e., slim glazing bars would be acceptable subject to the approval of the detail in the LBC application. Furthermore, the acceptance of secondary glazing is contingent on maintaining alignment with the original window format and employing a dark exterior colour. These recommendations aim to strike a harmonious balance between preserving the unique heritage of the Grade II Listed Building and facilitating the practical enhancements sought by the proposed window replacement.

I hope that the above comments are of assistance to you, however, please note that this is the opinion of an officer of the council and does not represent a formal determination of the local planning authority. In addition, these comments are given without prejudice basis and cannot be binding to any subsequent decision.

Should you have any queries, please do not hesitate to contact Dorothy Hei-Tung-Hoh via the details at the top of this letter.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
