Objection/ support consideration	The following comment was received: <i>Hello, please can you tell me why my tree is marked as no.65 on your map? I've also emailed Bursldeon Parish Council several times about the trees at the back of the pavilion that cut out our sun, drop all their leaves</i>								

	<i>and sway awfully in the wind. No one has replied and I'm wondering why this planning has been put in but no one has answered my query?</i> However, this appears a matter for the applicant rather than the determining authority.
