[REDACTED]

Hello,

We are the agents for ESSO fuel pipelines in the UK. We are aiming to create a new maintenance access way into the above facility to make access easier, quicker and safer. As part of this process one of the consents I will need to secure is to remove part of a hedgerow (4-6mts in length). Some local authorities ask you to fill and submit a form, but EBC website directed me to guidance that advised I contact the LPA for advice. I have cc'd the EBC senior ecologist, as with the last application I made with Winchester City Council it was referred to their ecologist and not dealt with by planning at all.

I attach a plan and photo and hope that someone will be able to get back in touch with me to tell me exactly how I apply for Hedgerow consent

Kind Regards

James Browne

Pipeline Agent
