

Appendix 3 – Photo showing the style of fence proposed at No 77.

Photo of No 75 and 77 showing the existing gap in the hedge and low wall

Photo showing the style of close boarded fence proposed.

Fence details

Fence panels similar to those shown above will be erected above the existing low wall, to a maximum height of 1.8m. This will include a large panel to the left of the gatepost, a full height panel in the position of the gateway, and a smaller panel above the wall to the right of the gatepost. Each panel will be made to up fit the three openings.
