For attention of Mr Huckfield

Dear Sirs

**Re: F/26/100857 At 2A LOWER NORTHAM ROAD, HEDGE END,
SOUTHAMPTON, SO30 4FQ**

**Installation of two rapid EV charging stations, ancillary equipment and
lighting, including one fully accessible EV charging bay.**

In regard to application F/26/100857, having reviewed the information contained within the application pack, there would be no objection to the proposals from a highway perspective.

All works are contained within the private (non-highway) car parking area off of Freegrounds Avenue, and the layout of the proposals looks to be acceptable with adequately sized parking bays and aisle widths retained.

It is noted that there will be a loss of vehicle parking as a result of the proposals, but with the quantum reducing from 59 to 57 spaces overall, it is not considered that a significant highway impact (i.e. overspill parking) will occur.

Yours faithfully,

Matt Grantham
