To Whom It May Concern,

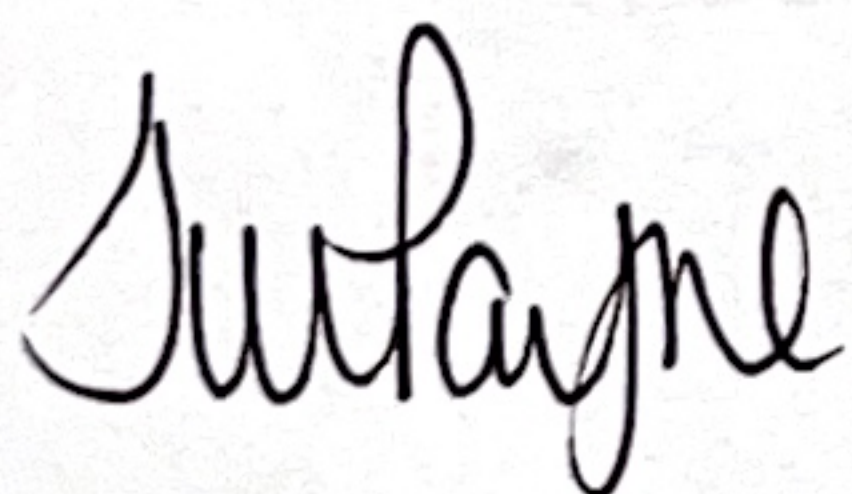

I am writing to formally express my full support for my neighbour's planning application to have the trees located at their property felled due to road and property safety concerns.

I live in close proximity to these trees and have on several occasions personally expressed my view on this subject to Mr and Mrs Ward. Their size and position in relation to my property I feel is a potential danger in regard to risk of falling branches or the possibility of the trees failing entirely during periods of high winds or severe weather.

For these reasons, I strongly support the application to have the trees felled and respectfully ask that it be given favourable consideration.

Please do not hesitate to contact me should you require any further information.

Yours faithfully,
