

12 December 2025

Dear Mr Townsend

AERODROME: Southampton
PROJECT: HLOWAA – New Air Ambulance Heliport
DATE OF RECEIPT: 11 December 2025
CAA (ASD) PROJECT NUMBER: E15905

We confirm receipt of your email dated 11 December 2025, relating to the above-named project. We can advise that the project has been assessed as a minor development and, as such, does not incur a development charge.

We confirm that the project complies with the requirements in ADR.ORB040 and if applicable ADR.OR.E.005 in Regulation (EU) No 139/2014.

We now have pleasure in confirming Part 1 and Part 2 approval as noted below.

When you have completed the project, we request notification under Part 3, details of which are contained in CAP 791 'Procedures for Changes to Aerodrome Infrastructure'.

PART 1: COMPLIANCE

Aerodrome Oversight of Airspace, Air Traffic Management & Aerodromes of the CAA has reviewed the documentation submitted for compliance and confirms that it meets current certification/licencing criteria.

[Redacted Signature]
Dated: 18 September 2024

PART 2: CONTROL

Aerodrome Oversight of Airspace, Air Traffic Management & Aerodromes of the CAA has reviewed the safety assurance documentation submitted and is satisfied that the proposed construction process and control of work in progress is adequately managed and does not present an unacceptable safety hazard.

[Redacted Signature]
Dated: 12 December 2025
