The Town and Country Planning (Tree Preservation) (England) Regulations 2012
The Town and Country Planning Act 1990

Application No. T/26/100980

In pursuance of their powers under the above Act and in accordance with your application received on Wednesday 25 February 2026 the Council, as Local Planning Authority hereby authorises **Partial Consent and Partial Refusal for Trees** for the following :

Description: 1no. Oak (T1) - Reduce by 3-4m in height, back to suitable growth points. Reduce lateral branches by 2.5-3m, back to suitable growth points to maintain size and canopy spread. Oak has a history of limb failure, giving rise to concern over the potential for future failure, particularly due to its proximity to the property. A selective internal crown reduction is proposed as a precautionary measure to reduce loading on scaffold limbs and help mitigate the risk of further limb failure, whilst retaining the tree's form and amenity value.

Site: 13 RANDALL ROAD, CHANDLER'S FORD, EASTLEIGH, SO53 5AJ

- 1 REFUSE: 1no. Oak (T1) - Reduce by 3-4m in height, back to suitable growth points. Reduce lateral branches by 2.5-3m, back to suitable growth points to maintain size and canopy spread.
- 2 Reason: The proposed reduction by 3-4m in height, back to suitable growth points and reduction of lateral branches by 2.5-3m, back to suitable growth points on 1no. Oak (T1) is considered unjustified and will be of detriment to the health and appearance of the tree. The works would thus result in an adverse

impact upon the visual amenity, ecology and wildlife and screening of the surrounding area. More details are available in the Officer Report.

- 3 CONSENT TO: 1no. Oak (T1) - Reduce lateral branches by 2.5-3m on the property size only to provide clearance from the property.
- 4 The tree works hereby consented shall be completed within 2 years of the date of this permission and shall be carried out in accordance with the approved details and to British Standard for Tree Work BS3998:2010

Note to Applicant: It is considered that, subject to compliance with the conditions attached to this permission, the consented tree works are acceptable because they will not materially harm the character of the area, the amenity of neighbours or highway safety, and are in accordance with the policies and proposals of the development plan and after due regard to all other relevant material considerations the local planning authority is of the opinion that permission should be granted.

Note to applicant: All works hereby consented should be carried out by a suitably qualified and insured tree surgeon. A copy of the decision notice should be given to the Tree Surgeon.

Note to applicant: Deadwood may be removed at any time without an application.

Note to applicant: Please be advised that the Wildlife and Countryside Act 1981 as amended, the Countryside and Rights of Way Act 2000 and the Conservation (Natural Habitats) Regulations 1994 protect ALL wild birds, their nests (whether in use or being built) and eggs and other wild animals including bats and their roosts in or adjacent to trees.

Note to applicant: The granting of consent does not give the applicant or their agent a legal right to enter land without the owner's permission.

Note to applicant: Advice regarding overhead utilities should be sought with the relevant service provider prior to commencing works.

Note to applicant: Please follow current recommended Bio-security measures - Further advice can be found at <https://www.trees.org.uk/News-Blog/News/Biosecurity-in-Arbiculture-and-Urban-Forestry-Po>

Note to applicant: Deadwood within trees provides a rich and important habitat; it can be a natural part of the trees life cycle. Consider retention of deadwood where it is safe to do so.

Yours faithfully

A handwritten signature in black ink that reads "N Parker". The signature is written in a cursive style with a horizontal line underneath the name.
