Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Description of Proposed Change of Use

The application seeks permission for the change of use of 82 Church Road from a mixed-use classification (historically incorporating Class E commercial use) to a single residential use (Class C3). This change of use application has no operational development.

The property has historically been subject to a mixed-use designation, having been intermittently used for commercial purposes (formerly A1, now Class E) since its construction. However, there have also been multiple periods during which the property has been used solely as a private residence, although these periods do not cumulatively exceed 10 years. When the property was purchased in 2007 permissions was granted to use the space for a hair salon however a change of use application was never submitted.

The most recent commercial use operated as a hair salon (trading as House of Hair) and ceased in December 2023. The property has since remained vacant of any commercial activity however the basins and styling units remain as the vendor was unsure of future plans and resale opportunities.

The property is currently in the process of being sold, with completion expected in June 2026. Following completion, it will be occupied solely as a private dwelling under Use Class C3.

This application is therefore submitted to formally regularise the lawful use of the property as residential, ensuring clarity and avoiding any potential ambiguity or future planning issues arising from its historic mixed-use classification.

Has the work or change of use already started?

☐ Yes

☒ No

Existing Use

Please describe the current use of the site

The property is currently used for storage and occasional private residential use. The most recent formal commercial use, operating as a hair salon (Class E), ceased in December 2023.

Since that time, there has been no active commercial use of the property.

When the property was purchased in 2007, the owner was advised that the mixed-use designation allowed flexibility to utilise the commercial element or not, and the property has accordingly been used in varying capacities over time, including periods of residential use.

Is the site currently vacant?

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Over 25 square metres

Please justify the reason why biodiversity net gain does not apply:

I contacted the BDN for the De minimis criteria and they suggested because the class E is currently 25sq meters we would be exempt. However I would like to be able to select the correct exemption or write my own but the box above does not allow this. The proposed development comprises a change of use only (the box above does not offer the opportunity to select "change of use with no operational development or physical works" as suggested in the letter we have received from EBC. The site currently used as class E is 25 sq meters or less. There will be no alteration to the building footprint, external appearance, or surrounding land. As such, the proposal does not result in any loss or degradation of habitat and falls within the definition of de minimis development. Therefore, the biodiversity gain condition, as set out in Schedule 7A of the Town and Country Planning Act 1990 (as amended), is not applicable in this instance.

Note: Please read the help text for further information why developments may be exempt or not in scope.

Details of the pre-application advice received

That change of use application was necessary as there is currently a mixed use class on the property
That First Floor Plans would not be a necessary requirement and I was very clear about asking this question to avoid a) unnecessary cost to the applicants and b) wasted time as a sale that needs to completed by June relies upon this application.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☒ Yes
☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

- ☐ Yes
☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of “agricultural tenant” in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.

Amendments Summary

Correction of title on plans from disabled adaptation to change of use

Labelling of elevations on plans front side and rear

Addition of the overall floor plan existing and proposed from the Rightmove listing for the sale of the property: we were specifically told we would not require full top floor plans when we approached the councils regarding this change of use. A sale relies on this application being processed in a timely manner and for a chain completion of June 2026.

Change of the BDN although there is no drop down that allows us to select the correct exemption. We have contacted Joes Blooms who looked into the space and said because it was change of use without any changes at all, including parking or internal or external alterations they believed we would be exempt. We wish to be exempt as it's change of use without any changes no operational development.

We agree to the amended description of the application.
