

Planning Application Reference 01/25/49 534

As I am not on line I am writing this letter to make it known that I object to the building of 150 houses between Snakemoor Lane and Denham Corner. This road already has more than enough traffic and this area is prone to flooding- which I can vouch for as I have only recently moved back into my house after spending 16 months in temporary accommodation because my house was flooded on 4th January 2024 and do not wish to go through the stress this caused at the age of 81.

So my answer to this application is a definite NO!!!

MRS CAROL DAVIS
