

H/26/101181 – CHERRY COURT, SALTERNS LANE, BURSLEDON

13/05/2026

Dear Dorothy,

Given the proposal is a first floor extension over the garage, there will be no significant arboricultural impacts and we raise no arboricultural objection.

For the avoidance of doubt, our support for this application does not supersede the requirement for tree information conditioned under the previous application

H/25/100201.

Kind regards,

Chris.
