For attention of Mr Huckfield

Dear Sirs

**Re: F/26/101337 At 32-34 BOURNEMOUTH ROAD, CHANDLER'S FORD,
EASTLEIGH, SO53 3ZL**

Proposed GRP Substation, including localised fencing and landscape alterations, along the School Road boundary, together with proposed GRP Switchroom located within the existing site.

In regard to application F/26/101337, having reviewed the information contained within the application pack, there would be no objection to the proposals from a highway perspective.

The proposed GRP Substation is located within the site, and its position does not affect any required visibility splays out onto the adjacent highway. Whilst there is a loss of two vehicle parking spaces to accommodate the unit, it would not be anticipated that this loss would be severe given the overall parking quantum available on the site.

Yours faithfully,

Matt Grantham
