

Eastleigh Borough Council Tree Preservation Order and Conservation Area Assessment Form

Application Number	T/26/101251				
Surveyor	IF				
Address	31 RANDALL ROAD, CHANDLER'S FORD, EASTLEIGH, SO53 5AJ				
Proposed work	1no. Birch (T1)- Reduction of 2 longest lateral limbs by approx. 5 to 6 metres leaving tertiary branches to create a new shape of tree. To reshape tree in to a more natural shape removing the limbs sticking out past the natural shape of the tree.				
Assessment Date	27/05/2026				
Officer comments	TPO 246-E (T82) The large birch offers public amenity being located in the front garden. Multiple deadwood is present in the crown, the proposed reduction of the 2 branches stretching over the driveway targets the healthiest part of the canopy which will be removed. The asymmetric shape is due to the large conifer located in the neighbouring property rather than “unnatural” as indicated on the application form. However, the proposed works are not likely to affect the public amenity of the tree significantly and therefore considered to be permitted.
