Details of the pre-application advice received

The proposals set out in the Pre-Application comprised both internal alterations to the first floor, to create a new master bedroom suite, and upgrades to the existing sash windows.

Sash window upgrades

The pre-application response stated that the removal of secondary glazing would be acceptable, but that full size section plans would be required to be submitted at application stage to verify the proposed solution. The glazing upgrades are to be set out in a separate Listed Building Application, prepared by a window specialist.

Internal Alterations

The pre-application response stated that the internal alterations put forward within the application are "all likely to be acceptable".

- "It is agreed that the built-in cupboards and fire surround are of low importance and most likely not original."
- "The closure of bedroom 4 is acceptable to allow for the extension of the cupboard."
- "Bathroom 2 is a very austere space and not very pleasant so the effective re-positioning of the walls, which are not the most important in the building, would be acceptable."

Urgent electrical rewiring had already commenced at the time of the pre-application submission and the response requested that some detail of these retrospective works be included in the full application.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

Ownership Certificates
